

CMMI

Services Data Sheet

Overview

Capability Maturity Model® Integration (CMMI) is a process improvement framework that provides organizations with the essential elements of effective processes. It can be used to guide process improvement across a project, a division, or an entire organization. CMMI helps integrate traditionally separate organizational functions, set process improvement goals and priorities, provide guidance for quality processes etc.

CyberQ Offerings

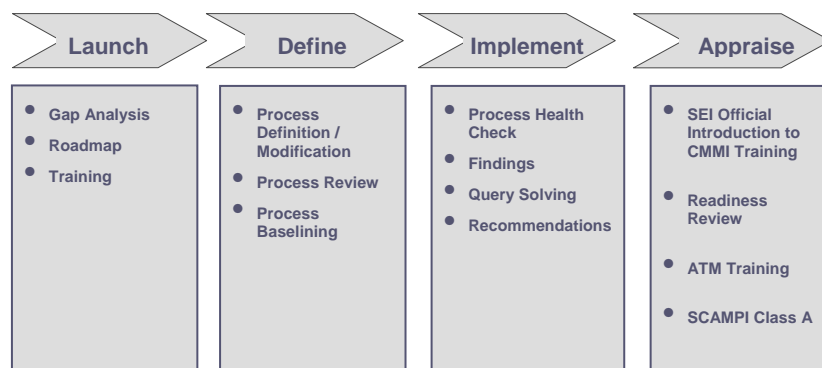

- CMMI - Consulting, Trainings, Appraisal
- CyberQ Process Pack
- Process Definition
- Process Implementation

CMMI Consulting, Training, Appraisal services

CyberQ offers CMMI consulting services to help an organization adapt CMMI best practices in a form suitable to client's business.

CyberQ is an SEI partner for CMMI services and is authorized by SEI to conduct trainings and appraisal. CyberQ has a team of SEI Authorized High Maturity Lead Appraisers, Candidate Lead Appraiser, SEI Authorized Instructors and highly experienced Process Improvement Experts. CyberQ offers end to end services for CMMI and works as Partners with clients.

Typical CyberQ Methodology for CMMI services

CMMI related Trainings

- SEI Official Introduction to CMMI Training
- CMMI Overview Training
- Practical Implementation of CMMI Training
- Training on High Maturity Concepts
- Training / Workshop on "Understanding and Implementing CMMI ML4 and ML5"

CyberQ Process Pack

CyberQ has a readymade process pack of QMS processes complying to CMMI requirements. Any organization can adapt these processes and implement them based on requirements. CyberQ provides training to client along with the process pack to help organization understand and adapt processes.

Process Definition Services

CyberQ can define processes of entire QMS for client and provide training on defined processes to relevant client members. This includes defining processes, guidelines, checklists, forms etc.

Process Implementation Services

Apart from the Consulting Services, CyberQ provides resource (full time / part time) during the assignment who will work with client team to implement processes, conduct reviews – audits, query solving sessions.
